This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

A COMPLETE SYSTEM

OF

INTEREST TABLES,

At 3, 4, 4½, and 5 per cent.,

FROM £1 TO £10,000, AND FROM 1 TO 365 DAYS;

ALSO

TABLES OF EXCHANGE OR COMMISSION,

PROFIT AND LOSS, DISCOUNT, ETC.

TO WHICH ARE PREFIXED

A TIME RECKONER,

AND OTHER USEFUL TABLES.

BY

JOHN THOMSON, ACCOUNTANT, EDINBURGH,

AUTHOR OF THE UNIVERSAL CALCULATOR, ETC.

A NEWLY ARRANGED AND IMPROVED EDITION.

HANOVER STREET.

BODLEIANA · BIBLIOTHECA ·

PREFACE.

THE high estimation in which THOMSON'S INTEREST TABLES have hitherto been held by the commercial and monetary world, is the best proof of their accuracy and utility. To make this justly celebrated work still more acceptable to the general community, the Publishers have arranged the whole on an entirely new plan, which they hope will be found a great improvement on preceding editions. Instead of the various rates being separated from each other, these now all appear in each page, thus saving the trouble and annoyance of referring to other pages when a combination of rates is required. The days of the month and year, with the number of days from 1st January to 30th June and 31st December, the usual periods for balancing accounts, are also given. A Time Reckoner has been added; also Tables of Exchange or Commission, Profit and Loss, Discount, Foreign Moneys, Stamp Duties, &c. Altogether this may justly be styled a greatly improved edition, whether as regards arrangement, information, or price,—the work now containing numerous valuable additions, at less than one-half of its original cost.

CONTENTS.

Stamp Duties, ...
Extended Pence Table, ...
Time Reckoner, ...
Directions for finding Interest at other Rates than those for which the Tables are calculated, . .
Table shewing the Exchange allowed by the Purchaser of a Bill payable at various periods, .
Tables of Interest at 3, 4, 4½, and 5 per Cent., .
Exchange or Commission Tables, ...
Profit and Loss Tables, ...
Discount Tables, ...
Table shewing how long Money takes to double itself, or the Interest becomes equal to the Principal, ...
Foreign and Colonial Moneys, with their Value in Sterling, ...

AMPLE.—If the time required is more or less than
ays indicated by the Table, add or subtract the
nce. Thus—From 12th March to 12th July is
ays; but if till 29th July be wanted, add 17 (being
fference from the 12th to the 29th,) to the 122; or,
5th July, deduct 7.

en the 29th of February intervenes, add 1 to the
er of days shewn by the Table.

DIRECTIONS

For finding Interest at other Rates than those for which the following Tables are calculated.

For 1 per Cent.	take one-third of 3 per Cent.	
For 2	,,	take one-half of 4 per Cent.
For $3\frac{1}{2}$	,,	deduct one-eighth from 4 per Cent.
For 6	,,	double 3 per Cent.
For 7	,,	take 4 per Cent. and 3 per Cent.
For 8	,,	double 4 per Cent.
For 9	,,	take 5 per Cent. and 4 per Cent.
For 10	,,	double 5 per Cent.

TABLE

Shewing the Exchange allowed by the Purchaser of a Bill payable at any of the following Number of Days or Months.
